- ICX-AlphaCom
- SIP
- IC-EDGE

Onshore, Safety & Security PRODUCT CATALOG 2023

zenitel.com

Zenitel products are developed by the Zenitel Group and comprise a range of high-quality
communications equipment and systems. In business since 1901, Zenitel's products are
recognized worldwide for offering high-quality communications for both offshore and
onshore installations. Primary system offerings in the Zenitel product portfolio are Public
Address and Intercom. Zenitel and the company's global partner network also integrate
these systems with other security devices such as Radio, CCTV, Access Control and Alarm
for a comprehensive security solution.

Invest in a product that keeps pace with changing technology, and that both anticipates and secures your future communication needs. Our equipment and devices can be used on 3 different platforms that each caters to a specific set of communication requirements.

ICX-AlphaCom

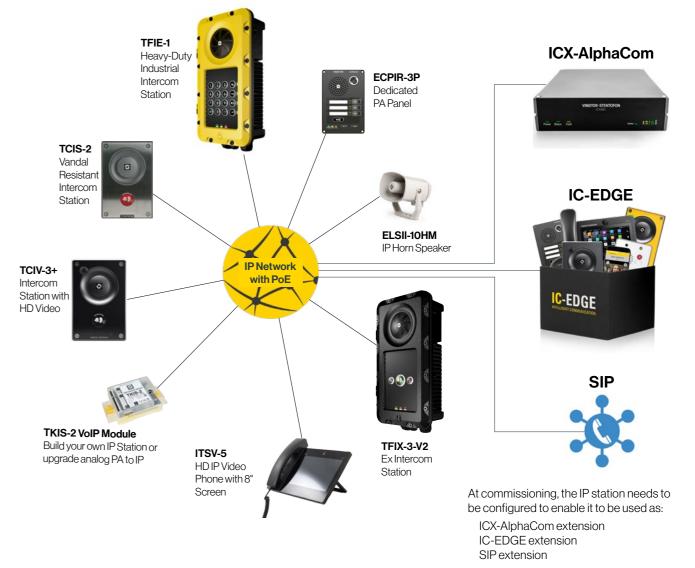

ICX-AlphaCom is all about integration. All communication devices (radio, telephone, PA, intercom, etc.) come together on the ICX-AlphaCom platform to be integrated with the overall Building Management System. This allows the use of powerful tools such as voice and audio in maintaining building security.

IC-EDGE is a self-contained communication platform that's embedded in the actual IP Intercom and IP PA devices. No external server hardware is required and configuration is easily done using a web browser. Easy to deploy, use and maintain. Ideal for SMB companies.

Our devices also support the SIP protocol. This means that they can be used on any VoIP communication platform that supports SIP. We understand that some customers prefer to keep the number of servers and other hardware to a minimum. Using SIP, you're able to hear, be heard and understood, when and where you need to, every time – all while using your exisiting VoIP system.

CX-AlphaCom System

Our Intelligent Communication Platform provides management and security services and allows for seamless integration into the cloud and other applications.

The core of the system is the ICX-500 Intelligent Communication Gateway connecting people, devices & systems at unrivaled levels of manageability, scalability, robustness and interoperability.

ICX-AlphaCom Offers:

Integrated Intelligent Communication Management & Security

Streamlined and unified management
Built-in Cybersecurity – Trusted Platform

Scalability & Robustness

State-of-the-art quad-core processing capacity Supports up to 552 IP devices per node Solid design with no moving parts

Interoperability

Supports industry standards like SIP and HTTP
Multiple certified platform and device integrations
Native API & cloud connectivity
Fully compatible with legacy AlphaCom system

SIP System

Setting the Standard for Open and Transparent technology.

SIP is the quintessential example of an open and transparent technology that unifies voice communication. This protocol is integrated and available out-of-the-box, on every single IP Device in our portfolio.

Our SIP products work anywhere in any iPBX system, are certified for integration in Avaya, Cisco, NEC and Alcatel-Lucent systems, and have been used on these platforms for many years. In addition, our products are currently being used successfully on other platforms such as Samsung, Mitel, Asterisk, and Panasonic.

Our devices support G.711 (µ-law and A-law), G.722 and G.729.

Office and is officially

recognized as compliant.

The Zenitel SIP Intercom solution has successfully passed compliance testing with Avaya IP

The Zenitel SIP Intercom solution has been compliance tested with Cisco Unified Communications Manager.

The Zenitel SIP Intercom solution is compatible with the following NEC platforms: All NEC IP PBX Family 3C: Softswitch SV8300: IP PBX iS3000: Hybrid PBX.

A selection of stations are compatible with Alcatel-Lucent OmniPCX Enterprise R10.

IC-EDGE System

IC-EDGE is the next-generation intelligent communication system that delivers seamless integration, unrivalled sound quality, security and ease of use right out of the box. Minimize your hardware infrastructure, maximize audio quality and performance, and consolidate your communication needs into a centralized system requiring no external server.

System Description

Allows up to:

- 64 stations per system
- 10 VS-clients (PC)
- 10 SIP-clients (e.g., VoIP App)

Embedded server, no additional server equipment required

Automatic discovery of all Zenitel devices

Fast and easy system setup using web browser

Stations support Active Noise Reduction

Audio Messaging

Group Call with Re-Call and Answer Function

IC-EDGE mode is available on all our IP Stations

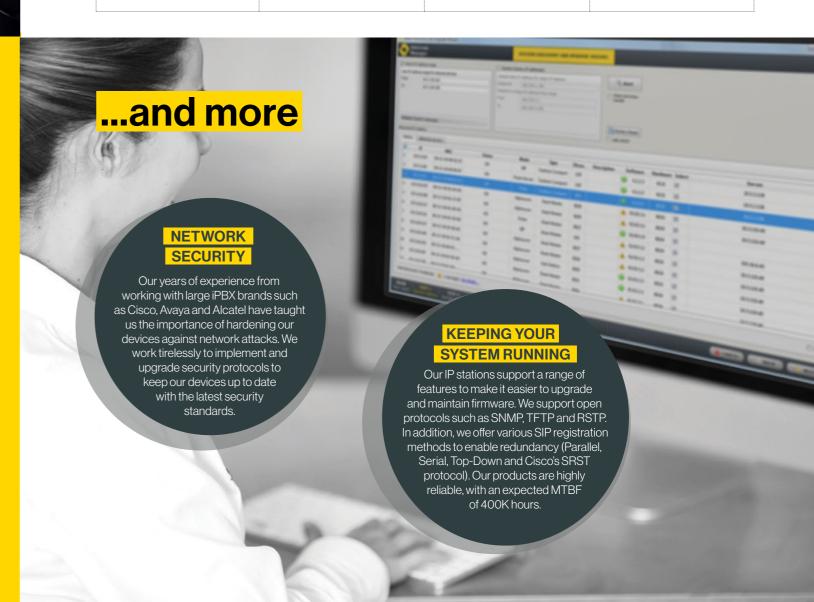

Wide range of special purpose intercom stations

Open for SIP-enabled 3rd-party devices

SIP Trunking to ISDN/GSM telephony gateways

IP Telephony Service G711, G722 codec support Configurable Door Relay Network up to 50 IC-EDGE systems

Turbine IP Stations

All Turbine Stations work with ICX-AlphaCom, SIP, IC-EDGE

• Built to last with robust die-cast aluminium frame

Support wide set of IP and networking standards

Black thermoplastic front plate with one button

• Ideal for Building Security and Public Environments

Designed according to the norm for hearing

TCIS-3

- IK08 rating

ONVIF Compatible

impaired

TCIS-1

- Amazing sound pressure level when needed
- Background noise cancellation
- · Dirt, dust and water resistant IP66 rating
- · Built to last with robust die-cast aluminium frame - IK 08 rating
- Designed according to the norm for hearing impaired
- Support wide set of IP and networking standards
- ONVIF Compatible
- Yellow thermoplastic front plate with one button
- Ideal for Industrial Applications

Size (WxHxD): 120 x 180 x 70mm Wt: 0.8kg

Accessories: 1008140010 TA-1 Turbine Compact On Wall Box, 1008140140 TA-14 Microphone Windscreen, 2390020100

TCIS-4

- · Amazing sound pressure level when needed
- Background noise cancellation Background noise cancellation · Dirt, dust and water resistant - IP66 rating
 - · Dirt, dust and water resistant IP66 rating
 - · Built to last with robust die-cast aluminium frame

· Amazing sound pressure level when needed

- IK08 rating
- Designed according to the norm for hearing impaired
- Support wide set of IP and networking standards
- ONVIF Compatible
- · Black thermoplastic front plate with one labelled
- Unique labelling solution with PMOLED display
- Ideal for Building Security and Public Environments

1008111020

TCIS-2

- Amazing sound pressure level when needed
- Background noise cancellation
- Dirt, dust and water resistant IP66 rating
- · Built to last with robust die-cast aluminium frame - IK10 rating
- Designed according to the norm for hearing impaired
- Support wide set of IP and networking standards
- ONVIF Compatible
- Stainless steel front plate with one button
- Ideal for Building Security and Public Environments

Size (WxHxD): 120 x 180 x 70mm Wt: 0.8kg

Accessories: 1008140010 TA-1 Turbine Compact On Wall Box, 1008140140 TA-14 Microphone Windscreen, 2390020100

TCIS-5

- · Amazing sound pressure level when needed
- Background noise cancellation
- · Dirt, dust and water resistant IP66 rating
- · Built to last with robust die-cast aluminium frame - IK08 rating
- Designed according to the norm for hearing impaired
- Support wide set of IP and networking standards
- ONVIF Compatible
- · Black thermoplastic front plate with two labelled buttons
- Unique labelling solution with PMOLED display
- Ideal for Building Security and Public Environments

Size (WxHxD): 120 x 180 x 70mm Wt: 0.8kg

Accessories: 1008140010 TA-1 Turbine Compact On Wall Box, 1008140140 TA-14 Microphone Windscreen, 2390020100 Touchless Sensor

Size (WxHxD): 120 x 180 x 70mm Wt: 0.8kg

Accessories: 1008140010 TA-1 Turbine Compact On Wall Box, 1008140140 TA-14 Microphone Windscreen, 2390020100

Size (WxHxD): 120 x 180 x 70mm Wt: 0.8kg

Accessories: 1008140010 TA-1 Turbine Compact On Wall Box, 1008140140 TA-14 Microphone Windscreen, 2390020100

TCIS-6

- Amazing sound pressure level when needed
- Background noise cancellation
- Dirt, dust and water resistant IP66 rating
- · Built to last with robust die-cast aluminium frame - IK08 rating
- Designed according to the norm for hearing impaired
- Support wide set of IP and networking standards
- ONVIF Compatible
- · Black thermoplastic front plate with scrolling unit for calling to an unlimited number of places
- PMOLED display
- Ideal for Building Security and Public Environments

Size (WxHxD): 120 x 180 x 70mm Wt: 0.8kg

TMIS-1 Turbine Mini

· Background Noise Cancellation

ONVIF Compatible

• IP Rating: IP42

Accessories: 1008140010 TA-1 Turbine Compact On Wall Box, 1008140140 TA-14 Microphone Windscreen, 2390020100

· Built to last with robust die-cast aluminium frame

· Supports wide set of IP and networking standards

Ideal for Building Security & Public Environments

White thermoplastic front plate with 1 button

TCIS-C1

- · Designed according to Disability Act requirements
- Audio Presence crystal clear audio
- · Amazing sound pressure levels when needed with automatic volume adjustment
- Background noise cancellation
- Dirt, dust and water resistant rating IP-65
- · Built to last with robust die-cast aluminium frame - rating IK 08
- Supports wide set of IP and networking standards
- ONVIF Compatible · Custom front plate with two labelled buttons
- Ideal as Help Point in Public Environments

1008113020 / 1008113120

TCIA-2 Analog over IP Intercom

- · Vandal resistant Analog over IP intercom
- Up to 60 meters extended analog interface keeps the IP network port in protected area
- · Stainless steel front plate with one button
- Used together with TKIA-2 and TKIS-2
- 1008113120 TCIA-2-P is a package comprising TCIA-2, TKIA-2, TKIS-2

Size (WxHxD): 120 x 180 x 70 mm Wt: 0.8 kg

Accessories: 1008140010 TA-1 Turbine Compact On Wall Box, 1008140140 TA-14 Microphone Windscreen, 2390020100

TMIS-2 Turbine Mini

- Background Noise Cancellation
- Vandal Resistant Design
- 11 Gauge Stainless Steel Faceplate One Vandal Proof Call Button
- ONVIE Compatible · Superb Audio Quality using G.722 Audio Codec
- Class D 10 W Amplifier

1008116040

TMIS-4 Turbine Mini

- · Background Noise Cancellation
- · Built to last with robust die-cast aluminium frame · Supports wide set of IP and networking standards
- ONVIF Compatible
- White thermoplastic front plate with 2 buttons Ideal for Building Security & Public Environments

Size (WxHxD): 120 x 180 x 73 mm Wt: 1 kg

- · IP Rating: IP42

Size (WxHxD): 117 x 117 x 41 mm Wt: 0.3 kg

Size (WxHxD): 114 x 114 x 55 mm Wt: 0.5 kg

Size (WxHxD): 117 x 117 x 41 mm Wt: 0.3 kg

ICX-AlphaCom/SIP/IC-EDGE Product Catalog 9

Touchless Sensor

- · Accessory for Turbine compact series TCIS/
- Contactless communication for a variety of settings and applications
- Activates intercom calls using gesture recognition with simple swipe of the hand

TKIA-2 Analog over IP Gateway

- Extends analog interface on TKIS-2 up to 60 m
- Keeps your IP network port in protected area. Uses a standard CAT5 or CAT6 Ethernet cable to
- connect to TCIA-2 Analog over IP intercom.
- Includes cable for connection to TKIS-2
- Used together with TKIS-2 and TCIA-2

1008140140

TA-14 Mic Windscreen for TCIx

• Protects Turbine Compact microphone against wind noise

Size (WxHxD): 80 x 80 x 28 mm Wt: 0.2 kg

Size (WxHxD): 117 x 71 x 32 mm Wt: 0.1 kg

Size (WxHxD): 110 x 12.4 x 15.5 mm

ECPIR-3P

- Indoor intercom for console mounting
- · Communication and Power over Ethernet
- ONVIF Compatible
- Three programmable buttonsSeparate PTT button
- · Indicators for power, call and fault
- Can be used with handheld or gooseneck mic
- Background Noise Cancellation

EBMDR-8

- Button expansion module for ECPIR-3P intercom
- Powered from ECPIR-3P
- Eight programmable buttons with individual labels and status indicators
- Optional button protection covers
- Four units can be connected to one intercom

PAM1H Handheld Mic for ECPIR-3P

- Handheld PA microphone with bracket
- Push-To-Talk button
- · Electret and Noise Cancelling microphone
- IP-66

Size: Length 142 mm, Head Ø 29 mm, Body Ø 24 mm

Weight: 0.19 kg Cord Length: 1.5 m

MB-30G Gooseneck Mic for ECPIR-3P

- · Electret Microphone 2K ohm
- 5-pin DIN plug

Size (WxHxD): 96 x 144 x 50 mm Weight: 0.5 kg

Size (WxL): 36 x 446 mm Weight: 0.1 kg

The Turbine Video Intercom solution offers unrivaled audio and HD video. Empower your security team with the proven audio quality of Turbine in order to act in real time and with clear communication. Through a unique combination of exceptional video, voice and powerful audio amplification for announcements, you can mitigate security risks faster than ever before.

TEIV-1+

- · Full Numeric Keypad, with scroll, confirm and cancel keys
- OLED Display
- Powerful audio technology including high sound pressure, automatic volume gain control, and active noise echo canceling
- HD video up to 1080p resolution
- Wide angle lens
- High performance hardware platform with 4x Cortex-A53 CPU cores and 512MB LPDDR4 RAM

0000 0008

Size (WxHxD): 120 x 305 x 72.5mm Wt: 1.08kg

Accessories: 1008140330 TA-33 Turbine Extended On Wall Backbox, 1008140340 TA-34 Turbine Extended Flushmount

- IP66- Dirt, dust and water resistant · ONVIF Compatible
- · Cybersecurity compliant

TEIV-4+

- Includes space for 3rd party Card Readers
- Powerful audio technology including high sound pressure, automatic volume gain control, and active noise echo canceling
- HD video up to 1080p resolution
- Wide angle lens
- High performance hardware platform with 4x Cortex-A53 CPU cores and 512MB LPDDR4 RAM
- IP66-Dirt, dust and water resistant
- ONVIF Compatible
- · Cybersecurity compliant

TMIV-1+ Turbine Mini Video

- HD video up to 1080p resolution
- Wide angle lens
- ONVIF Conformant
- Supports wide set of IP and networking standards

Onvif*

- White thermoplastic front plate with 1 button IP Rating: IP44

Size (WxHxD): 120 x 305 x 72.5mm Wt: 1.05kg

Accessories: 1008140330 TA-33 Turbine Extended On Wall Backbox, 1008140340 TA-34 Turbine Extended Flushmount

Size (WxHxD): 117 x 117 x 41 mm Wt: 0.3 kg

Size (WxHxD): 96 x 144 x 50 mm Weight: 0.5 kg

Accessories: 3005020033 MB-30G Gooseneck Mic, 1023533012 PAM1H Handheld Mic

1008315020

TCIV-2+

- Powerful audio technology including high sound pressure, automatic volume gain control, and active noise echo cancelling
- HD video up to 1080p resolution
- · Wide angle lens
- High performance hardware platform with 4 x Cortex-A53 CPU cores and 512MB LPDDR4 RAM
- Vandal Resistant Design
- IP66 Dirt, dust and water resistant
- · Cybersecurity compliant
- Operates in SIP, IC-EDGE, ICX-AlphaCom modes
- · Stainless steel front plate with one button
- ONVIF Conformant

Onvir*

Size (WxHxD): 120 x 180 x 73 mm Wt: 1 kg

Accessories: 1008140010 TA-1 Turbine Compact On Wall Box, 1008140140 TA-14 Microphone Windscreen, 2390020100 Touchless Sensor

1008315060

TCIV-6+

- Powerful audio technology including high sound pressure, automatic volume gain control, and active noise echo cancelling
- HD video up to 1080p resolution
- Wide angle lens
- High performance hardware platform with 4 x
 Cortex-A53 CPU cores and 512MB LPDDR4 RAM
- Vandal Resistant Design
- IP66 Dirt, dust and water resistant
- Cybersecurity compliant
- Operates in SIP, IC-EDGE, ICX-AlphaCom modes
- Black thermoplastic front plate with scrolling PMOLED display
- ONVIF Conformant

ODVIE

Size (WxHxD): 120 x 180 x 73 mm Wt: 1 kg

Accessories: 1008140010 TA-1 Turbine Compact On Wall Box, 1008140140 TA-14 Microphone Windscreen, 2390020100 Touchless Sensor

1008415000

IP-CROR IP Station for Cleanrooms and Operating Rooms

- · Chemical resistant and anti-bacterial front surface for easy cleaning
- Robust aluminium front plate to withstand maintenance and cleaning conditions
- Large high contrast display with backlight for excellent readability
- 4 dynamic navigation keys plus 4 DAKs for quick access to system menus and directory entries.
- Audio technology providing loudspeaking handsfree duplex communication from any location in the room
- · ONVIF Compatible
- Clean relay output contact for control of external equipment
- · Designed to meet the requirements of ISO 14644-1, ISO Designation 5

Size (WxHxD): 125 x 280 x 30mm Wt: 0.63kg

Accessories: 1008098700 Flush Mount Back Box

1008097100

Handset for CRM-V-2

· Handset module for CRM-V-2 Flush Master

CRM-V-2 **IP Flush Master with Display**

- · Robust aluminium front plate
- · Large high contrast display with backlight for excellent readability
- 4 dynamic navigation keys and 4 DAKs for quick
- access to system menus and directory entries.

 White light behind all keys for excellent readability in dark environments
- · Integrated data switch with advanced networking
- and security functions ONVIF Compatible
- · Superb audio quality high bandwidth codec, active noise cancellation, acoustic echo cancellation and high output power amplifier
- Clean relay output contact for control of external

CRM-V-DAK48 **IP DAK Expansion Module**

- Extends CRM-V-2 IP Flush Master Station with 48 programmable DAK keys (direct access keys)
- Ideal for control room applications
- Visual indications with two LEDs (green/red) per DAK key
- All keys have backlight (adjustable)
- Easy labelling of keys
- · Advanced call request handling with visual
- · CCTV and intercom integration

Size (WxHxD): 125 x 280 x 30mm Wt: 0.63kg

Accessories: 1008097500 Gooseneck Microphone. 1008097100 Handset, 1008098700 Flush Mount Back Box, 2810020004/5/6 Desk Stand

Gooseneck Mic for CRM-V-2

- · Noise cancelling gooseneck microphone for CRM-V-2 IP Flush Master
- · Ideal for Public Address applications and control

Size (WxHxD): 125 x 280 x 30mm Wt: 0.65kg

Accessories: 1009648001 License for CRM-V-DAK48, 1008010101 Label paper for CRM-V-DAK48

SDS-1 **IP SIP Desk Station**

- 2 lines, 2 SIP accounts, 3-way conferencing
- Integrated PoE
- Dual-switched 10/100 Mbps ports
- TLS and SRTP
- HD Audio
- EHS Support

Size (WxHxD): 67 x 280 x 41mm Wt: 0.4kg

1008007000

IP Dual Display Station

- · IP station with full access to all features in the ICX-AlphaCom exchange
- Remote software upgrade, configuration and
- · Powered from the IP network cable using Power
- over Ethernet (PoE) • Superbaudio quality - high bandwidth codec, acoustic echo cancellation and high output power amplifier
- Displays with backlight
- The station may use up to 90 Direct Access Keys (DAK) on 9 dynamic DAK pages. The dialing keys have letters to be used for search facility in the intercom directory and display text editing
- Background Noise Cancellation

Size (WxHxD): 72 x 140 x 270mm Wt: 0.4kg

Accessories: 1007007010 Microphone for Dual Display Station

1008041200

Vandal Resistant Substation TKIE

- · Vandal and water resistant
- Designed in stainless steel (AISI 316L) to withstand
- Remote software upgrade, configuration and monitoring
- Integrated data switch with advanced networking
- and security functions

 2 Relay outputs for remote control, e.g. doors, signal lamps and gates
- · Powered from the IP network cable using Power over Ethernet (PoE)
- · Superb audio quality high bandwidth codec, active noise cancellation, acoustic echocancellation and high output power amplifier

Size (WxHxD): 180 x 92 x 46 mm Wt: 0.8 kg

VS-Client Intercom Client for PC

- Designed to be used as a control room operator's intercom or office intercom.
- Intended users include: site security or control room operator, payment boot operator (parking and toll-roads), operator handling incoming calls, and in-office standard calls.
- · Provides Turbine Class Audio with echo cancellation and noise reduction
- Full Numeric Keypad provides full call control with
- call transfer, hold/resume, mute.

 Call History shows a list of all incoming and outgoing
- Address Book (Contacts)

Works with IC-EDGE only

Turbine Industrial/ EX IP Stations

TFIE-1

- · Dual Ethernet connectivity for redundant networks
- · PoE powered
- Auxiliary DC power for redundancy

- Dust- and water-protected to IP66 rating
- ON/OFF and PTT and Handset with PTT

- Visible status indicators on front panel
- Background Noise Cancellation

Size (WxHxD): 178 x 345 x 101 mm Weight: 1.9 kg

Accessories: 1023533312 EMMAI-2H Mic, 1008140230 TA-23 Handset, AK5850HS Headset, 1008140225 TA-22B Cable & Plugbox, 1008140100 TA-10 Relay Module

- IP intercom for industrial environments • Dual Ethernet connectivity for redundant networks
- PoE powered
- Auxiliary DC power for redundancyDual relay outputs

TFIE-6

- Full Keypad + 6 configurable I/Os
- Dust- and water-protected to IP66 rating
- Accessories include Handheld PTT, Headset with ON/OFF and PTT and Handset with PTT
- · Monitoring and self-diagnostics of critical
- functionality
- ONVIF Compatible
- Visible status indicators on front panel
- PMOLED display with scrolling unit for calling to unlimited number of places

Size (WxHxD): 178 x 345 x 101 mm Weight: 1.9 kg

Accessories: 1023533312 EMMAI-2H Mic, 1008140230 TA-23 Handset, AK5850HS Headset, 1008140225 TA-22B Cable & Plugbox, 1008140100 TA-10 Relay Module

1008140230 / 1008150030

TA-23 / TAX-3 Handset with PTT

- PTT-key for operation in noisy environments
- · Noise-cancelling microphone
- High quality digital background noise reduction
- HD-voice compatible
- IP Rating: IP66
- TA-23 for Turbine Industrial intercoms
- · TAX-3 for Turbine Ex intercoms

1023533312 / 1023533511

EMMAI-2H/EMMAX-1H Mic

- · Handheld microphone PTT key
- Noise cancelling microphone
- High quality digital background noise reduction
- EMMAI-2H for Turbine Industrial intercoms
- EMMAX-1H for Turbine Ex intercoms

Size (WxHxD): 178 x 345 x 101 mm Weight: 4 kg

Accessories: 1023533511 EMMAX-1H Mic, 1008150030 TAX-3 Handset, AK5850HS Headset, 1008150025 TAX-2B Cable &

AK5850HS Ex-Approved Headset

- · Rugged headset for Ex application Noise-cancelling microphone
- High quality digital background noise reduction
- HD-voice compatible High quality audio · Optional in-ear monitors may be connected for
- added damping in extreme environments
- IP Rating: IP66 · Standard 4-pole Nexus connector for easy
- connection/replacement
 For use with 1008150025 Ex-approved Cable for headset with PTT · Designed for Turbine Ex explosion-proof

Size (WxHxD): 200 x 70 x 50 mm Weight: 310 g

- For use with AK5850HS Headset

Size (WxHxD): 210 x 150 x 70 mm Weight: 400 g

Accessories: TA-22B / TAX-2B Ex-approved Cable and Plugbox

Size (WxHxD): 44 x 68 x 21.5 mm Weight: 0.22 kg

1008140225 / 1008150025

TA-22B / TAX-2b Cable and Plugbox for AK5850HS Headset

- Compact, rugged plugbox with PTT (10 m cable)
- TA-22B for Turbine Industrial intercoms
- TAX-2B for Turbine Ex intercoms

Length: 10 m

Heavy Duty IP Stations

IPHDT-DY IP Heavy Duty Telephone, Door, Hotline

- · Made for critical communication in rough environments like roads, tunnels, ships
- Water and dust resistant (IP66)
- · Very durable with 5 mm aluminium casing and stainless steel components
- · Magnetic reed hook-switch ensures minimal wear and tear
- · Supports VoIP with SIP and CCoIP with
- ICX-AlphaCom
- Supports local power and Power over Ethernet (PoE) · Integrated data switch with advanced networking
- and security functions
- ONVIE Compatible
- Supports HD Voice

IPHDT-Y IP Heavy Duty Telephone, Hotline

- · Made for critical communication in rough environments like roads, tunnels, ships
- Water and dust resistant (IP66)
- · Very durable with 5 mm aluminium casing and stainless steel components
- · Magnetic reed hook-switch ensures minimal wear
- and tear · Supports VoIP with SIP and CCoIP with
- ICX-AlphaCom
- Supports local power and Power over Ethernet (PoE)
- · Integrated data switch with advanced networking and security functions
- ONVIE Compatible
- Supports HD Voice

Size (WxHxD): 205 x 320 x 148 mm Wt: 5.4 kg

Accessories: 1020600992 IRR-3 Relay Box 24V DC or 220V AC - Signal Unit WT - IP-66

Size (WxHxD): 205 x 320 x 120 mm Wt: 5 kg

Accessories: 1020600992 IRR-3 Relay Box 24V DC or 220V AC - Signal Unit WT - IP-66

IPHDT-KY IP Heavy Duty Telephone, Full Keypad

- Made for critical communication in rough environments like roads, tunnels, ships
- Water and dust resistant (IP66) · Very durable with 5 mm aluminium casing and stainless steel components
- Magnetic reed hook-switch ensures minimal wear and tear
- Supports VoIP with SIP and CCoIP with ICX-AlphaCom
- Supports local power and Power over Ethernet (PoE)

Size (WxHxD): 205 x 320 x 120 mm Wt: 5 kg

AC - Signal Unit WT - IP-66

Accessories: 1020600992 IRR-3 Relay Box 24V DC or 220V

- · Integrated data switch with advanced networking and security functions
- ONVIF Compatible

1008472100

· Supports HD Voice

IPHDT-KDY IP Heavy Duty Telephone, Door, Full Keypad

- Made for critical communication in rough environments like roads, tunnels, ships
- Water and dust resistant (IP66)
- · Very durable with 5 mm aluminium casing and stainless steel components
- · Magnetic reed hook-switch ensures minimal wear and tear
- Supports VoIP with SIP and CCoIP with ICX-AlphaCom
- · Integrated data switch with advanced networking and security functions
- ONVIF Compatible
- Supports HD Voice

IP Hotline Station

- Made for critical communication in roadside and tunnel environments
- · Water and dust resistant
- Designed in flame and chip resistant plastic Superb audio quality
 Supports VoIP with SIP and CCoIP with
- ICX-AlphaCom Supports local power and PoE · Advanced supervision functions
- Supports local power and Power over Ethernet (PoE)

Size (WxHxD): 124 x 252 x 162 mm Wt: 1.0 kg

Size (WxHxD): 205 x 320 x 148 mm Wt: 5.4 kg

Accessories: 1020600992 IRR-3 Relay Box 24V DC or 220V AC - Signal Unit WT - IP-66

Station Kits

Get the flexibility to customize your intercom setup with Zenitel's new multipurpose kit

Our new ZMK-1 kit offers you the opportunity to design custom products that fit your customers' exact needs. It also gives you the freedom to seamlessly integrate with any existing intercom or security setup and connect with all other systems in any available mode. It will reduce setup costs and time to market with open interfaces and standard connectors.

With this kit, you can take your business to the next level and provide your customers with the solution and flexibility they need to stay ahead of the competition.

ZMK-1

- · Easy to expand with touchscreen, camera, and microphone via the USB interface.
- ONVIF Compatible
- · Dual RJ45 for PoE and Ethernet connectivity (with
- · 2 configurable inputs and outputs to activate door openers and sensors
- Line-in/Line-out connectivity for connection to audio devices.
- · Automatic volume adjustment, sound level recognition, and digital noise reduction improve conversation quality in any environment.
- · Full open duplex provides free-flowing hands-free communication.
- High quality Turbine[™] class output with 15W

Size (WxHxD): 154 x 36.5 x 71.4mm Wt: 0.32kg

Accessories: 1008140170 TA-17 electret microphone

Made for Critical Communication over IP

- · Supports full keyboard including direct access keys (DAK) and dynamic keys
- Supports handset and headset

IP Master Station Kit

- Superb audio quality
- OdB (600 Ohm) output to Public Address
- · Relay output for e.g. door lock control and tamper alarm input
- · Dual Ethernet ports for connection of other IP
- · Remote software upgrade, configuration and monitoring

TKIS-2 VoIP Intercom Module

- DIN-rail mountable, clips included
- · Add VoIP/CCoIP to your parking solution, cash point, vending machine, et al
- Build your own IP Intercom station or help point
 Make your own 10W IP Speaker
- Control relay and I/Os over IP
- · Supports ICX-AlphaCom, IC-EDGE and SIP (for use with any IPBX)
- Supports a wide set of IP networking standards Remote software upgrade, configuration and
- monitoring

 ONVIF Compatible
- Powered from the IP network cable using Power over Ethernet (PoE)
- Advanced audio technology like automatic gain and volume adjustment, background noise cancellation, open duplex, etc.

Size (WxHxD): 88 x 152 x 20mm Wt: 0.13kg

Accessories: 1008099000 Display for IP Master Station Board,

Size (WxHxD): 117 x 71 x 32 mm Wt: 0.1kg

Accessories: 1008140170 TA-17electret microphone

1008132020

TKIE-2 Turbine IP Station Kit

- · IP station kit with extended functionality
- · Dual RJ45 for Ethernet connectivity (with switch)
- · Dual relays (DPDT)
- 6 configurable I/Os (input, output or LED-driving) • Line-in/Line-out connectivity for connection to
- audio devices

 Header for connecting audio accessories
- Connects to high-power relay module (TA-10)
- · High-quality Turbine class output with 10W
- ONVIF Compatible
- Full open duplex and digital noise reduction
- Metal enclosure suitable for DIN-rail mounting

Size (WxHxD): 106 x 74 x 30 mm Wt: 0.1kg

Accessories: 1008140170 TA-17 electret mic

1007102000

Substation Kit (Analog)

- · Complete kit for making a customized substation for AlphaCom
- · Connects to an ASLT port
- · Vandal resistant call button Superb audio quality (10 kHz)
- External or extra call button option
- Includes the 1307 substation board, 45 Ohm weather resistant loudspeaker, electret microphone with mounting material, one tamperproof button and all other necessary station accessories

TKIV+ Turbine Video & **VoIP Intercom Module**

- · Build your own IP Intercom video station or Help-
- · Add VoIP and video to your parking solution, cash point, vending machine, and the like
- Advanced audio technology like automatic gain and volume adjustment, background noise cancellation, open duplex, etc.
- HD Video at up to 30 FPS in 1440x1080p
- Wide angle lens
- ONVIF Conformant
- MJPEG and H.264
- Control relay and I/Os over IP
- Supports ICX-AlphaCom, IC-EDGE and SIP Supports a wide set of IP networking standards
- Remote SW upgrade, configuration & monitoring
- · Powered from the IP network cable using Power over Ethernet (PoE and PoE+)

Onvif*

Size CPU Module (HxWxD): 89 x 108 x 31 mm

Size Camera Module (HxWxD): 53 x 66 x 23 mm

1008132010 / 1008132035

TKIE-1/TKIE-3-CC Turbine Kit

- IP station kit with extended functionality
- · Dual RJ45 for Ethernet connectivity (with switch) · Dual relays (DPDT)
- 6 configurable I/Os (input, output or LED-driving)
- · Line-in/Line-out connectivity for connection to audio devices
- Header for connecting audio accessories
- Option to connect high-power relay module TA-10
 High-quality Turbine class output with 10W
- Full open duplex and digital noise reduction
- TKIE-3 comes with 5x5 keyscan matrix

Size (WxHxD): 100 x 65 x 25 mm Wt: 0.1 kg

Accessories: 1008140100 TA-10 Relay Module

ELSIR-10CM IP Ceiling Speaker with Microphone **IP Speakers**

with Microphones

- · Steel fire dome
- 10W Class D, built-in amplifier
- 96 dB SPL (1m)
- · Built-in Microphone · Ideal for Micro Zone PA and systems that require a
- limited number of speakers

 Each speaker is individually addressable and
- monitored · Ideal for speakers installed in remote locations, e.g.
- roads and railways
- Remote software upgrade and configuration
- ONVIF Compatible • Relay output for remote control, e.g. doors, signal
- lamps, gates Powered from the IP network cable using Power
- over Ethernet (PoE)
- · Ideal for Building Security, Infrastructure and Industrial projects

Size (Diameter x Depth): 199 x 111 mm Wt: 1.4 kg

ELSII-10PM IP Projector Speaker with Microphone

- 10W Class D, built-in amplifier
- Dust and water tight IP65
- 97 dB SPL (1m)
- · Built-in Microphone
- Ideal for Micro Zone PA and systems that require a limited number of speakers
- · Each speaker is individually addressable and monitored
- · Ideal for speakers installed in remote locations, e.g. roads and railways
- · Remote software upgrade and configuration
- ONVIF Compatible
- · Relay output for remote control, e.g. doors, signal lamps, gates Powered from the IP network cable using Power
- over Ethernet (PoE) · Ideal for Building Security, Infrastructure and Industrial projects

ELSII-10HM IP Horn Speaker with Microphone

- 10W Class D, built-in amplifier • Dust and water tight – IP66
- 116 dB SPL (1m)
- Built-in Microphone
- Ideal for Micro Zone PA and systems that require a limited number of speakers
- Each speaker is individually addressable and monitored
- · Ideal for speakers installed in remote locations, e.g. roads and railways

 Remote software upgrade and configuration
- ONVIF Compatible
- · Relay output for remote control, e.g. doors, signal lamps, gates
- Powered from the IP network cable using Power over Ethernet (PoE)
- · Ideal for Building Security, Infrastructure and Industrial projects

ELSII-10LHM IP Long Horn Speaker with Microphone

- 10W Class D, built-in amplifier
- Dust and water tight IP66
- 120 dB SPL (1m)
- Built-in Omni-directional Microphone
- Ideal for Micro Zone PA and systems that require a limited number of speakers Each speaker is individually addressable and

ASL Public Address and Voice Alarm solutions by Zenitel

Get your messages across in all situations and in all environments

This Public Address and Voice Alarm solution is designed and ready to meet the operational needs of your facility with its advanced audio performance capabilities.

- Operational Public Address, Security, and paging announcements helps keep everyone informed.
- Voice Alarm message direct people away from risks, and toward muster points
- First responders and emergency services can use Emergency microphones to issue instructions over the Public Address.
- Allows interactive Perimeter & Asset protection. Staff can trigger warning messages, or issue live instructions if an intruder has made an incursion.
- Integrated with a Video Management System, cameras and speakers can be positioned together around building and fence line to prevent unwanted activity.

D150 - 150W Power Amplifier Module for the V2000

- EN 54-16 compliant
- · Class D transformerless amplifiers
- 100V, 70V or 50V output
- Very high efficiency and low standby current
- · Compatible with the V2000 mainframe and Integra range

D500 - 500W Power Amplifier Module for the V2000

- · EN 54-16 compliant
- · Class D transformerless amplifiers
- 100V, 70V or 50V output
- Very high efficiency and low standby current Compatible with the V2000 mainframe and
- Integra range

LSZDC Power Amplifier Interface Module for the V2000

- EN 52-16 compliant amplifier interface card
- · Powerful on-board DSP capability
- DC / impedance / loop monitoring (A to B)
- · Independently monitored A / B line output fed from a single amplifier
- Automatic control of changeover to standby
- Compatible with the V2000 mainframe and Integra range

Weight: 0,8 kg

Weight: 0,8 kg

Size (WxHxD): 64 x 30 x 121 mm Wt: 0,7 kg

1200400010 / 1200400100 / 1200400200 **EMS - Emergency Microphone** Station

- EN 54-16 compliant indicators and controls
- 0, 10, 20 or 50 selection buttons
- · Live, store +forward & recorded broadcasts
- Built-in loadspeaker with listen-in function · Wall mount and fist microphone
- Voice over IP & analogue

1200410010 / 1200410100 / 1200410200

MPS - Multi Purpose Microphone

- · EN 54-16 compliant indicators and controls
- 1, 10, 20, 30, 40, or 50 selection buttons • Live, store +forward & recorded broadcasts
- Built-in loadspeaker with listen-in function Background music input and control
- Wall mount and fist microphone
- Voice over IP & analogue

INTEGRA - Pre-built PAVA solution

- Self-contained Wall Mount Voice Alarm
- · Integrated IP Audio Networking
- Simple installation
- Pre-installed with 3, 5, 7 or 10 amplifier cards
 Up to 2000W total load
- DC/IMPEDANCE loop loudspeaker monitoring
- EN 54-16 and EN 54-4 compliant

VIPEDIA 12 NET - Audio Router

· Professional audio quality

Built-in audio networking

6 IP Audio inputs & outputs

Fully EN54-16 certified

Flexible control options

· 24 Bit 48kHz audio processing

• 12 analogue audio inputs & outputs

· Onboard control inputs & outputs

V2000 - Amplifier Mainframe

• Up to 2000W in 2U / 19" housing

• EN 54-16 and EN 54-4 compliant

· Hot swappable amplifiers cards

Internal & external standby options

Integrated battery charger

· Houses up to 10 separate amplifier cards

Very high efficiency & low standby current

ICX-AlphaCom Platform

ICX-500 Intelligent Communication Gateway

- Made to provide critical communication in any environment
- Supports 552 IP stations
- Environmentally friendly and energy saving max. 15 W
- Global networking and integration
 Dual software images for system robustness and low downtime during software upgrades
- Secure boot, hardware Root of Trust RoT
- SD Card based software recovery
- Fully compatible with legacy AlphaCom system
- Large memory supports future feature expansion and new services Memory extension via SD card and USB
- High-quality professional PA broadcasting and
- messaging services Security voice guidance for public safety and
- building security Auto-attendant functionality (Automatic voice
- supported switchboard)

 Voice supported call guidance
- Slim and compact
- 1U rack integration
- Fanless design
- Robust, powder-painted, die-cast aluminium
- housing

 Vibration proof
- Closed ingress protected housing
- Flexible mounting system

Dimensions (WxHxD): 162 x 44.5 x 200 mm Wt: 1 kg

Software: ICX-AlphaCom Core

IPS-AC1 PSU for ICX-500

- DIN-Rail mounting
- Ultra slim design with 35 mm (2SU width)
- Input 85-264 VAC, Output 48VDC
 No load power consumption << 0.3W
 Isolation class II
- Pass LPS (Limited Power Source)
- Protections: Short circuit / Overload / Over voltage
- Over voltage category III
- · LED indicator for power on

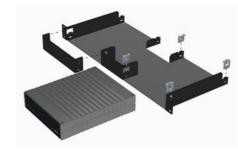

IA-RS1 **Mounting Bracket for ICX-500**

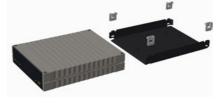

• Using the IA-RS1 Rack Shelf, two ICX-500 units can be mounted side by side in a 19" 1HU rack

IA-MB1 Mounting Bracket for ICX-500

- The ICX-500 unit slides into the IA-MB1 Mounting Bracket in 4 possible orientations.
- To fix the bracket to a wall or shelf, use flat head washer screws with a maximum head height of

AlphaPro

AlphaPro is the tool for configuring the ICX-AlphaCom system. It is selfcontained, simple to install and easy to use. When a new server is to be configured, the server is given a working default factory setting.

The operator can then modify the settings such as:

- Directory (type of station, line interface, display name and more)
- Define groups (cell groups, guard groups)
- Interface to CCTV, PA, Paging, DECT
- AlphaNet
- Other custom behavior

There are currently over 100 defined features that can be programmed with AlphaPro. As AlphaPro is an off-line tool, it is possible to enter all parameters without being connected to the server. Once all parameters are entered, AlphaPro can be connected to the server and the parameters can be sent. AlphaPro can also upload configuration information from a server.

- AlphaPro connects to a server via the IP network or a local RS232 interface
- AlphaPro E7 runs without a hardware key. It gives access to all features except AlphaNet, but only for 36 subscribers.

AlphaPro Professional uses the Professional hardware key. It provides access to all features for all stations. This version must be used when extensive changes to the autoload are required.

1009291120

AlphaPro Professional, USB dongle

Vingtor-Stentofon Operator Basic License

Vingtor-Stentofon Operator Enhanced License

Vingtor-Stentofon Operator

Vingtor-Stentofon Operator is a PC-based system management application package for the ICX-AlphaComplatform. It shows the status of intercom devices by way of maps and makes it easy for operators to:

- View calls and call requests
- Act easily and guickly on events and requests
- Store an on-screen history of events through a Journal

The application is primarily intended for use in a control room environment. It provides a clear overview for operators with multiple layout possibilities according to the operator's preference. Layouts can be defined to cover single or multiple screens and can be added, edited and deleted by administrators.

Software Development Kit

The Software Development Kit (SDK) makes it easy for 3rd-party developers to make value-added applications for integration with the ICX-AlphaCom system. The SDK is based on Microsoft .NET technology. This gives the 3rd-party developer access to a wide set of software components as well as an extensive Microsoft .NET development environment and tool set. Some examples of applications that can be made using the SDK:

• Integrated control room panel on a touch-screen for public address, radio and intercom

- Interactive intercom icons on a map with ability to call, broadcast public address, and listen in
- Integration with video analytics to provide voice response if someone is trespassing
- Integration with CCTV, where a camera is switched on with Voice Activity Detection
- PC-based Call Handler with graphical user interface for control rooms and guards

The SDK consists of a number of assemblies (DLLs) that can be easily integrated with software written in C#. To further support 3rd-party developers, help files, a quick start manual, Wiki pages and example applications including source code are available to get you quickly up to speed with writing value-added applications for the ICX-AlphaCom

To get access to the SDK, please visit: www.zenitel.com/sdk-alphacom

OPC

OPC provided easy and fast integration based on standard OPC technology. The OPC license is installed on the ICX-AlphaCom platform.

The ICX-AlphaCom OPC Server implements the following OPC standards:

- · OPC Data Access (OPC DA V2/V3)
- OPC Alarm & Events (OPC AE V1.1)
- · OPC Unified Architecture (OPC UA)

Audio Messaging

With Audio Messaging you can store and play audio messages directly from your PC or intercom station, and the messages are safely stored in the flash memory of the ICX-AlphaCom system. Audio Messaging supports a wide set of applications including auto-attendant, PA broadcasting, voice response and voice driven menus. It is easy to initiate audio messages from 3rd party systems using OPC, SDK or Data Protocol. Make live PA and group call broadcasts with recall for handling feedback and verifying messages. Schedule PA and group broadcasts for specific events and set up an auto-attendant with voice guided menus for handling incoming calls. You can also set up a voice response for call request waiting messages and absence messages. The feature set of the license is compatible with that of the ASVP card, but offers some additional functions.

VS Recorder

- ICX-AlphaCom Call Recording
- · Audio and Video Stream Recording

The VS Recorder software is a fully-featured IP based audio recorder with additional support for video recording. The solution is able to record calls from all types of terminals connected to ICX-AlphaCom: analog and IP intercoms, analog and IP phones. The Recorder is also a NAVR - Network Audio/Video Recorder.

Flowire Converter

The Flowire Converter enables Ethernet to run on the same 2 wires as power, enabling simpler cabling and opens up for longer cable hauls.

Connection to Central Equipment Rack for Outdoor and **Ex Intercom Stations**

The intercom stations can use the 2-wire Flowire system for connection. Flowire is used to extend the Ethernet connection and support power distribution on the 2-wire cabling infrastructure.

The Ex station located in the hazardous zone is connected to the central equipment rack located in the safe zone using a 2-wire cable.

FCDC3 Flowire Ethernet Converter

- · One single pair of cable can be used to distribute
- The cable hauls can be longer, up to 2 km, reducing the need for switches and/or repeaters Up to 10 Flowire devices can be connected to the
- same 2-wire cluster star topology Existing infrastructure can be used, even though
- only a single pair is available. This reduces the total cost of retrofit projects
- The Flowire converter can be used with any Ethernet enabled device (not limited to Zenitel products)
- Enable/Disable PoE switch
- Ingress Protection Rating: IP-20
- Important: 24-48V DC non-PoE Ex equipment

The multi-module license gives the possibility to

expand the size of an Audio Server. It is possible

to add up to 4 modules in a multi-module Audio

Server. The modules will be linked together over a

local area IP network (LAN). 30 VoIP channels are

AlphaNet and multi-module linking for the AlphaCom XE Audio Servers can be via data networks. This does not require additional hardware inside the server, but opening up the capability requires the correct license. Licenses are required in all connected modules and nodes. There is no difference whether a license is used for an AlphaNet or a multimodule connection. A static license means that the destination of an audio link needs to be defined at commissioning, a dynamic link is a common resource, and can be used for any audio link that requires connection. The

data links between modules and nodes are not

Audio Messaging Licenses

1009648500

Basic Audio Messaging License

License requires AMC IP v11 hardware. Includes Delayed PA broadcast using recall to prevent feedback problems, 1 auto-attendant message, 2MB memory storage for audio messages.

Enhanced Audio Messaging License

License requires AMC IP v11 hardware. Includes Delayed PA broadcast using recall to prevent feedback problems, 3 auto-attendant messages, 10MB memory storage for audio messages, Full ASVP functionality.

PA Recall License

License can be installed on both AMC IP v10 and v11 hardware. Includes Delayed PA broadcast using recall to prevent feedback problems.
